

Supportive Adult-Child Interactions Implementation Plan Compass Points

E = excited

What excites you about the idea of creating a safe, secure, responsive classroom for all children?

W = worrisome

What worries you about meeting the sometimes intense needs of children while remaining a supportive adult?

N = need to know

What more do you need to know to try to implement some of the strategies for being a supportive and responsive teacher?

S = stance and suggestions for moving forward

What is your opinion about what you learned? How might you best move forward in your implementation based on your opinion and your goals?
